### MPN and Mastocytosis

#### Wednesday May 22 2024 15:15-18:15

University Hospital Basel Department Biomedicine, Seminar Room 2nd floor ZLF, Hebelstrasse 20 Basel CME: 3 SGH, 3 SGDV, 3 SGPath, 3 SSAI

#### **Invited Speakers**

Prof. Dr. med. Joerg Halter, Clinic for Hematology, University Hospital Basel

*Prof. Dr. med. Karin Hartmann, Dermatologie, University Hospital Basel* 

Prof. Dr. med. Chloé James, PhD, University of Bordeaux, Inserm, Biology of Cardiovascular Diseases, F-33600 Pessac, France

Dr. Quentin Kimmerlin, Department of Biomedicine, University of Basel

Dr. med. Hanna Lindemann, Dermatologie, University Hospital Basel

Prof. Dr. med. Sara Christina Meyer, PhD, Department of Hematology and Central Hematology Laboratory, Inselspital, Bern

Dr. Marc Usart, Department of Biomedicine, University of Basel

Prof. Dr. med. Alexandar Tzankov, Pathology Institute, University Hospital Basel

#### **Chairs**

Prof. Dr. med. Stefan Dirnhofer, Pathology Institute, University Hospital Basel

Prof Dr. med. Radek Skoda, Department of Biomedicine, University of Basel

*Organization: S.GRASSO CONSULTING, Fischeracherstrasse 17, CH-8315 Lindau Please register by sending an email to: silvio.grasso@bluewin.ch"* 

#### Program

Chairs: Stefan Dirnhofer and Radek Skoda	
15:15 Welcome	Stefan Dirnhofer
<u>MPN</u>	
15:20 The role of immunothrombosis in MPN-associated	thrombosis Chloé James
15.50 Case 1 MPN (pathology)	Alexandar Tzankov
<i>16.05 Ropeginterferion alpha-2b for the treatment of polycythemia vera: first real-world experiences</i>	Sara Christina Meyer
16.20 Clonal stem cell dynamics in MPN	Marc Usart
16.35 Lineage bias of MPN stem cells	Quentin Kimmerlin

16.50 Break

#### <u>Mastocytosis</u>

17.10	Recent developments in management of mastocytosis	Karin Hartmann
17.45	Case 1 Mast cell leukemia with allo transplant	Joerg Halter
18.00	Case 2 Anaphylaxis and mastocytosis	Hanna Lindemann

18.15 Wrap up

Radek Skoda
